#### Service Providers

**Service Providers** are businesses which provide payment processing related services to other merchants including but not limited to authorisation, loyalty programmes, 3D Secure Access Control Servers, switching, IPSP (e-commerce) or processing magnetic stripe transactions. Service Providers are automatically SAQ D and must complete a separate Attestation of Compliance outlining all services provided and their inclusion or exclusion within the scope of the PCI DSS Assessment.

You have **NOT** been identified as a Service Provider. If you believe you are in fact a Service Provider it is important that you inform us so that you can properly comply with the PCI DSS requirements. Please select the option below and provide us with a brief explanation of the services that you provide to other merchants.
