Profile Information

PCI level

Card Type	E-Commerce	Non E-Commerce	Totals
Visa	0	17	17
Mastercard	0	13	13

You have NOT been subject to a data security compromise in the last 12 months.

You have NOT been assigned a PCI level by your acquirer.
PCI Level: 4 (Guide To PCI Levels)

Service Providers

Service Providers are businesses which provide payment processing related services to other merchants including but not limited to authorisation, loyalty programmes, 3D Secure Access Control Servers, switching, IPSP (e-commerce) or processing magnetic stripe transactions. Service Providers are automatically SAQ D and must complete a separate Attestation of Compliance outlining all services provided and their inclusion or exclusion within the scope of the PCI DSS Assessment.

You have **NOT** been identified as a Service Provider. If you believe you are in fact a Service Provider it is important that you inform us so that you can properly comply with the PCI DSS requirements. Please select the option below and provide us with a brief explanation of the services that you provide to other merchants.
