YOUR ESTIMATED MONTHLY BILLS
ARE

£150.92

Fund improvements with the Green Homes Grant

To be eligible, you must add at least one **GHG ELIGIBLE (PRIMARY)** measure to your plan.

If you do this, any primary or secondary measures added to your plan may be partially covered under the Green Homes Grant. Note that the subsidy for secondary measures is capped at the value of the subsidy provided for primary measures.

What are primary and secondary measures?

Primary measures refer to home insulation and low carbon heat measures. **Secondary measures** refer to additional energy saving measures, including improvements to windows and doors, as well as heating controls.

INVESTMENT REQUIRED

£5000

SAVINGS PER YEAR UP TO

£60 – £85**Fit new heating controls**

Upgrading your heating controls could help you save money, while also making sure that your home is always comfortable.

GHG ELIGIBLE (SECONDARY)
