

## Your registration summary

Your registration is confirmed.

## What happens next?

1. The auction will take place on the 27th of September.
2. Before the 11th of November, you will be contacted with a personal recommendation, based on the specifications of your roof. This includes your costs and specifications of your solar panel installation.
3. The decision is yours as to whether you want to accept your recommendation. There is no obligation to continue.
4. If you accept the recommendation, the winning installer will contact you to survey your roof and set an installation date. All installations are planned to be completed by the end of April 2023.

After the installation has been completed you can start saving money on your electricity bills by consuming your own generated renewable energy!
