

Roof details

What is the pitch of your roof?

Selected: Pitched

What is the orientation of the roof towards the sun?

East

What type of material is your roof made of?

Tiles

How many storeys is your property?

Selected: double storey

Please indicate if any of the following applies to you:

- ☐ I have roof dormers
- ☐ I have objects on my roof, which could cause shading
- ☒ I have multiple roofs

Please note that the personal recommendation you receive is only for one part of your roof. If you wish to cover another part of your roof with solar panels you should discuss this with the installer during the roof survey. Furthermore, covering two roof slopes with panels means an additional cost for scaffolding will be added to the total price of your package.

Do you know how many solar panels can fit your roof?

- ☒ Yes
- ☐ No

How many solar panels would fit your roof?

16

What is your total annual electricity consumption?

16000

kWh/year

This is an unusually high annual

bill. Alternatively you can use the maximum figure of 10000 and discuss your actual usage with the winning installer after the auction.

☐ I don't know my annual electricity consumption

On a typical weekday, how often is someone at home?

Home all day

Do you have an immersion heater?

☒ Yes

☐ No

If you have an immersion heater, there are devices that could be added to your installation to maximise its benefits. If you accept your personal recommendation, the winning installer will let you know about the best options for you during your roof survey.

Do you currently own, or are you considering purchasing an electric vehicle in the next 6 months?

☒ Yes

☐ No

Are you interested in receiving further information from the installer regarding the installation of an electric vehicle charging point?

☒ Yes

☐ No
