Financial difficulties

If your bill is in arrears or you find yourself struggling to pay your next bill, please contact us on 01608 434 050 straight away so that we can discuss a possible repayment plan with you.

Understanding your bill

Calls are billed in arrears, most other services one month in advance. The calls shown on your invoice are typically those you have made during the last month. Very occasionally, your invoice may not show all calls made during the previous month if we have not yet received details of them e.g. a call made overseas towards the end of the month may not yet have been registered on our system. These calls will be charged to you on a future invoice. Calls charges are rounded up or down to the nearest tenth of a penny, and are shown exclusive of VAT.
