Your annual gas summary

Dear Ms Croucher

Here's your annual summary. It's not a bill, so there's no need to call us, it's just for your information. It shows how much gas you've used in the last year, gives an estimated cost for the next year and highlights possible savings. It also gives details of the tariff you're on now – so you can compare it with others and decide if it's the best value for you.

Remember - it might be worth thinking about switching your tariff or supplier

1 Your gas use summary

You're on our Standard tariff

You used

15087.10 kWh (kilowatt hours)

Your total costs were £719.08

Calculations include estimated meter readings.

If you use the same amount of energy over the next 12 months and stay on the same tariff, we estimate your cost will be **£719.08¹**.

How does your gas use compare to last year?

16946.64 kWh: 27 Jul 2015 - 26 Jul 2016

15087.10 kWh: 27 Jul 2016 - 26 Jul 2017

¹Based on our current prices and includes some discounts and added charges, like VAT. If the price of your tariff changes or you change your tariff, or the amount you use, this forecast will change too.

2 Could you pay less?

Cheapest Similar Tariff

You can save **£34.85** by switching to Standard DD ■ Variable tariff.

Cheapest Overall Tariff*

You can save **£189.07** by switching to Fixed Price August 2018 DD ●■ from our partner, Sainsbury's Energy. Fixed Dual Fuel tariff.

● You will need to be a Dual Fuel customer. ■ You'll need to pay by Direct Debit.

Tariffs may have eligibility criteria and limited availability.

*Find out more at sainsburysenergy.com/tariffs You won't be charged an exit fee if you switch supplier.

You may be able to switch supplier with an outstanding balance.

Visit britishgas.co.uk/tariffs to find out more about our tariffs.

See section 4 For more details about your tariff.

3 How could you save money?

Be Energy Aware

One of the best ways to reduce your bill is to use less energy. At British Gas, we want you to get on top of your energy use and are happy to provide advice about where to start and the tools you need to make a change. For top tips on saving energy in your home, visit: britishgas.co.uk/energysaving

You can get impartial advice on simple ways to save energy from the Energy Saving Advice Service. Just give them a call on **0300 123 1234**

Key contractual terms

Exit fees

You may end your contract at any time without being charged an exit fee. We'll need you to provide a meter reading and if you've any outstanding charges on your account, we can ask you to clear them before allowing you to move to another supplier.

Price changes

Prices can go up or down at any time. We'll let you know at least 30 days before we increase your prices.

Glossary

Tariff

This is the gas package you signed up to.

Tariff Comparison Rate (TCR)

You can use this rate to compare different tariffs with us and other providers. The TCR is not based on your actual consumption but it is based on the energy consumption of a typical customer using 12500 kWh gas and should be used as a guide only.

Estimate

If we don't have a meter reading for you we will estimate one based on your previous gas use. Contacting us with up to date meter readings means we can make sure your bills are correct.

kWh

A kWh (kiloWatt hour) is the unit used to measure energy.

Personal Projection

This is an estimate of your gas charges for the year ahead, based on your actual gas use over the last 12 months. You can use the Personal Projection to compare the cost of other tariffs.

Unit Rate

This is a form of measurement which explains how much you are paying for your energy. This figure is represented as pence per kWh.

Standing Charge

This is a set amount and the minimum you'll pay each day, even if you don't use any energy. It's similar to the line rental on your phone.
