Customer news

Launching Green Gas

Now our gas does good too. 6% is from biomethane: gas produced from organic matter here in the UK and 100% is carbon neutral - balanced through a range of certified carbon reduction schemes.

Good Energy 100% Renewable Electricity

Good Energy

100%renewable electricity:

100% of our electricity is from certified renewable sources. We match the electricity you use in your home with power from British sunshine, wind and rain. It's produced by creating a community of independent generators across Great Britain and our own growing generation portfolio. And because we have our domestic and business supply verified by an independent third party, you can be sure your electricity comes from where we say it does and has a positive impact on the environment.

For more information go to goodenergy.co.uk/switch/our-ethics

How to pay your bill

Direct Debit:

Equal instalments are automatically debited from your account each month. Not only is this less hassle for you; it helps us keep our prices down too. Setting up a Direct Debit is easy. Please call us on 0800 254 0000 and we will set up your Direct Debit. Alternatively, you can download an electricity mandate at goodenergy.co.uk/electricity-mandate and pop it in the post.

By Telephone:

Call 0800 254 0000 to pay over the telephone using a debit or credit card.

By Internet or telephone banking:

To pay your electricity bill quote: Good Energy Ltd S/C 30-91-99, A/N 00463501. Don't forget to mention your customer account number, which is on the front of this bill. Your bank may charge you for this service.

By post:

Please make your cheque payable to Good Energy Ltd and submit it, along with the tear-off payment slip provided on the front page of your bill, to Good Energy Ltd, Monkton Reach, Monkton Hill, Chippenham, Wiltshire, SN15 1EE.

By cash:

Cash payments can only be made at a Lloyds bank branch. Please do not post your cash payment to us. To pay by cash you must provide the following information: 1) who you are paying - Good Energy Ltd, sort code 30-91-99, account number 00463501 and 2) your personal information – your full name and your Good Energy account number which you will find on the front of your energy statement.

By Bristol Pounds:

Please visit goodenergy.co.uk/how-to-pay-in-bristol-pounds to find out how to set up your Bristol Pound account.

VAT:

If you're a business customer who has declared that a percentage of your electricity is used for domestic purposes, you'll need to tell us about any change in your circumstances that might affect your declaration and the VAT you pay.

Customer care and complaints

General enquiries:

If you have a question or complaint, please get in touch on 0800 254 0000 or email customerservices@goodenergy.co.uk. We're open Monday to Friday, 8.00am to 8.00pm & Saturday 8.00am to 1.00pm.

Moving house:

To let us know you're moving and provide a final meter reading, call 0800 254 0000 or use our online form at goodenergy.co.uk/customer-care/moving-house.

Independent Advice:

Citizens Advice consumer service

The Citizens Advice consumer service provides free and independent help and advice to energy consumers on issues from contracts to making a complaint or advice if you're struggling to afford your bills. Refer to the 'Know your Rights' publication from the Citizens Advice consumer service by visiting www.adviceguide.org.uk or 03454 04 05 06

Ombudsman Services: Energy

The Ombudsman is there to help resolve disputes between energy suppliers and their customers. It is free to use their services, and they are totally independent - so they do not take sides, and make their decision based only on the information available. Once 8 weeks have passed since you first told us about your complaint you have the right to refer it to the Ombudsman Services: Energy if you want to. PO Box 966, Warrington WA4 9DF Telephone: 0330 440 1624 Fax: 0330 440 1625 Textphone: 0330 440 1600 Email: www.ombudsman-services.org/energy

Help us get your bill right

Sending us regular meter readings helps us bill you accurately. It means we don't have to estimate how much you have used. You can submit them in any one of the following ways:

Online: goodenergy.co.uk/meter-reading

By email: meter-readings@goodenergy.co.uk

By phone: 0800 254 0000

By post: using the slip on the other side. If your meter has dials, mark the exact position of each pointer.

If you're having trouble reading your meter, please take a look at our meter reading guide at goodenergy.co.uk/meter-reading-guide or, give us a call on 0800 254 0000.

Saving energy and money

Energy efficiency advice:

Top 3 tips to reduce your bill:

Our Customer Care team can give you energy efficiency advice. Give them a call on 0800 254 0000.

1. When your old bulbs run out, switch to LED bulbs - they use up to 85% less electricity.

2. Check the temperature of your fridge and freezer - the optimum temperature for a fridge is 3-5°C, and a freezer works best at -18°C. Both appliances function more efficiently if they are kept full and defrosted regularly.

3. When possible wash clothes at 30°C - this uses up to 40% less energy than using higher temperatures.

For more information or to download our energy-saving guide visit goodenergy.co.uk/save-energy

Generating your own renewable electricity

Feed-in Tariff:

Encouraging and developing independent renewable energy generation has always been at the heart of what Good Energy does. That's why we pioneered rewards for renewable generators almost a decade ago and support a growing community across Britain.

For more information on becoming a generator please visit goodenergy.co.uk/generate

For more information on our Feed-in Tariff service please visit: goodenergy.co.uk/feedintariff

Key terms

If you pay by Direct Debit we will arrange to collect payment in accordance with the mandate. For customers with a pre-payment meter, payment will be through the meter. Otherwise our payment terms are that you must pay your bill, by the agreed payment method, within 14 days from the invoice date on your bill.

If you fail to keep to your agreed payment terms or method of payment, we may change the payment method and unit rate, in line with our published tariff sheet or tariff information label.

If you are on a deemed contract (that is, where you have not entered into a contract with us but we already supply the property) you can leave at any time, with no penalty.

If you are in any other type of contract, the contract will continue until you decide to switch to another supplier or something happens that entitles us to end the contract.

There are no termination fees if you decide to switch supplier.

About your meter readings:

A - An actual reading taken by a data collector on behalf of Good Energy

E - Our estimated reading based on historical actual readings
