Typetalk: 18001 0845 9724 724

Date: 08-08-2011

Dear Customer,

This is to advise you that your Arranged Overdraft is due to expire as detailed below:

Current Arranged Overdraft amount £300.00 **Expiry date** 01-10-2011

As your Arranged Overdraft will be taken away, it will cost you less in fees and interest if you make sure your account is in credit by the expiry date. If it is not in credit, you could be charged Unarranged Overdraft fees and interest. Please have a look at our Santander Current Account Terms and Conditions and Interest Rates and Fees Information Leaflet, which tells you more about what happens if you use our Unarranged Overdraft service. If you need another copy you can request one at any time in your local Santander branch or take a look on www.santander.co.uk.

We're here to help you manage your money - if you'd like advice on any area of your finances including ways to avoid charges, please let us know.

Yours faithfully

Pam Speed
Director of Santander Operations
