## Your bill in a nutshell

Balance on 05 Feb 24	£169.86
Your Payments	£169.86 cr
New charges for this bill	£208.36
<b>Your new balance</b>	<b>£208.36</b>

If you choose to pay monthly you will pay **£69.00**. This will automatically review each time we bill you to cover your balance and usage.

## How we work out your bill

We measure water usage in cubic metres - to help you understand how much that is, one cubic metre of water could fill about 12 bathtubs

## Two for the price of one

The average shower uses less than half the amount of water a bath does. Making little changes like this can really make a difference! For more water-saving tips, visit [southeastwater.co.uk/savewater](https://southeastwater.co.uk/savewater)

## Down the drain

This is the water which has left your property. If you think that there is no way for rainwater to soak into the mains sewers from your property, you may be able to claim a surface water rebate for that part of the charges. If you receive this already you will see it in the blue box to the right. If not, to find out more and apply for the rebate please fill in the online form at [thameswater.co.uk](https://thameswater.co.uk)
