

Default Address

Catch any email that is sent to an invalid email address for your domain. For more information, read the [documentation](https://go.cpanel.net/DefaultAddress) ([//go.cpanel.net/DefaultAddress](https://go.cpanel.net/DefaultAddress)).

Default Address Maintenance

Send all unrouted email for the following domain:

Current Setting: wingpath@wingpath.co.uk

☐ Discard the email while your server processes it by SMTP (SECURE MAIL TRANSFER PROTOCOL) time with an error message.

Failure Message (seen by sender)

☒ Forward to Email Address

Forward to Email Address:
