Our test guarantee

Which? aims to help you choose the best goods and services – and avoid the worst. We're entirely independent – we take no adverts or freebies, and everything we test is paid for at full price. Since 1957 we have informed,

influenced and campaigned on behalf of all consumers in the UK.

In the reports that follow, we tell you more about how we test each product, but some features are common to all reports.

Best Buys

Our coveted Best Buy award goes only to products that performed consistently well in our rigorous tests and excelled in all the main areas. They are shown in the table in red.

Don't Buys

These are products that performed extremely poorly in one or more of our key tests or achieve very low total test scores. They are shown in the table in black.

Inside
