You'll find ratings for nine MP3 players in this issue (p40) but Which? members can see many more on our website. We're continually testing MP3 players as new models are launched – see www.which.co.uk/mp3players for full test results of almost 200 models.

We test many essential products throughout the year to make sure that you're clued-up on all the latest launches – including more than 300 cameras at www.which.co.uk/digitalcameras, more than 220 TVs at www.which.co.uk/tvs and around 120 camcorders at www.which.co.uk/camcorders.

If these products aren't quite the Christmas presents that you're looking for – visit www.which.co.uk/reviews for ideas on many more.
