TV connection wizard

Are you tired of wrestling with wires each time you buy TV equipment? Worry no more, as our new TV connection wizard shows you how to connect almost any combination of equipment, including TVs, set-top boxes, DVD recorders and sound systems. The wizard – at www.which.co.uk/tvconnection – is easy to use. In our virtual living room, you simply select your type of TV and the kind of sockets it has, choose your add-on equipment and click connect. You'll then be presented with a clear, wired-up diagram and explanations of how it all works.

KIDS' FOOD CAMPAIGN

See how Supermum copes with the bombardment, watch her struggle in the supermarket in our Kids' Food Campaign video at www.which.co.uk/kidsfoodvideo and email the link to your friends and family.
