

Worried about being ripped off? We have trusted traders at [www.which-local.co.uk](http://www.which-local.co.uk)

## Which? Local finds the best for you

Consumers waste more than £5.5bn each year on botched home improvements and shoddy garage repairs. That's the equivalent of a £250 for each household.

But it's not just at home or with the car that such problems arise. A night out can be ruined by a poor restaurant, and even professional services, such as lawyers or financial advisers, can cost thousands of pounds through dishonesty or incompetence.

Using recommendations for services is one way to avoid the cowboys. Which? Local has thousands of recommendations for local traders and professionals

Found a good restaurant near you? Review it on Which? Local

from around the UK. It has already helped users save money and avoid getting ripped off for unnecessary work.
